

Are you interested in creating a Public Living Room and joining in the Camerado movement?

What is a Camerado?

What is a Public Living Room?

A comfortable place where people look out for each other Human to Human. There is no agenda, just a space to be yourself. Why not offer your community space as a public living room for 1 or 2 hours a week? You can find out more in the Picture Book [here](#).

We're living in crazy times and people are finding it tough

Many are stressed, isolated or just finding life a bit pants, relying on overstretched, underfunded services to help them get through...

but, what if the answer to our problems is each other?

Camerados principles

PRINCIPLE #1 If we see someone struggling...we ask them to help us.*

PRINCIPLE #2 No fixing each other's lives...we are just alongside each other.

PRINCIPLE #3 It's ok to be a bit rubbish...we share our failures without worrying.

PRINCIPLE #4 We mix with people...who don't look and think like us.

PRINCIPLE #5 Remember to have fun...it keeps things human.

PRINCIPLE #6 When we disagree...level with each other respectfully.
