

Shaping Caring Together in Belfast 2023 onwards

Belfast Trust is renewing our Carers Strategy. This will set out our plan for how we will support unpaid and family carers for the next 4-5 years. We are inviting carers, Trust staff and Community and Voluntary sector representatives to help shape this strategy.

We want to hear what matters to carers. Join us at one of the events in March to 'Shape Caring Together in Belfast 2023 onwards'. In these drop-in sessions you can tell us what you like about carer supports and what we could do better.
